Dear Interested Party:

Re: Draft Post-Closure Permit
Federal Mogul Corporation
Michigan City, Indiana
IND016520017

Enclosed is a copy of the public notice that appeared on July 30, 2015, in the News Dispatch, Michigan City, Indiana. The Indiana Department of Environmental Management (IDEM) is announcing the availability for public review of a draft post-closure permit, pursuant to Rule 329 IAC 3.1 and 40 CFR Part 264, for Federal Mogul Corporation to continue to maintain and monitor a closed hazardous waste landfill at 402 Royal Rd, Michigan City, Indiana. The IDEM is inviting public comments on the draft post-closure permit renewal.

The draft permit specifies the conditions under which the facility must maintain and monitor the closed landfill in order to maintain compliance with the State and Federal statutes and rules.

Included for your information is a copy of the Fact Sheet. The draft permit is available for public inspection and copying at the Michigan City Public Library, 100 E. 4th Street, Michigan City, Indiana. The documents can also be accessed via IDEM's Virtual File Cabinet (VFC) at: <http://vfc.idem.IN.gov/>. VFC permit document numbers are:

INDIANA DEPARTMENT OF ENVIRONMENTAL MANAGEMENT

PUBLIC NOTICE

DATE OF NOTICE: July 30, 2015

COMMENTS DUE: September 14, 2015

The Indiana Department of Environmental Management (IDEM) has received a hazardous waste post-closure permit renewal application from:

Federal Mogul Corporation
402 Royal Rd, Michigan City, Indiana
IND016520017

for a Resource Conservation and Recovery Act (RCRA) post-closure permit to continue to maintain and monitor a closed hazardous waste landfill. Federal Mogul Corporation operated a surface impoundment. Because the surface impoundment accepted wastewater treatment solids from electroplating operations, the unit is subject to hazardous waste regulations. The surface impoundment was closed as a landfill on June 21, 1985.

IDEM has reviewed the permit renewal application, and has drafted a proposed post-closure permit. The draft post-closure permit describes how the facility must maintain the closed hazardous waste landfill in order to comply with State and Federal statutes and rules. A copy of the permit renewal application, the proposed post-closure permit, and Fact Sheet, are available for your review at:

- Michigan City Public Library, 100 E. 4th Street, Michigan City, IN
- IDEM's Virtual File Cabinet at: <http://www.in.gov/idem/>

The draft post-closure permit and Fact Sheet may also be viewed at:
www.IN.gov/idem/5474.htm

IDEM is providing the public an opportunity to submit written comments and/or request changes to the proposed post-closure permit conditions.

You may request that IDEM hold a public hearing about this permit application. At a hearing, you would have an opportunity to submit written comments, ask questions, make statements, and otherwise discuss any concerns about the permit with IDEM staff. If a public hearing is held, IDEM will make a separate announcement of the date, time, and location of that hearing/meeting 30 days in advance.

Written comments with supporting documentation, or a written request for a public hearing, should be sent to Jeff Workman at the following address:

Indiana Department of Environmental Management
Office of Land Quality
Hazardous Waste Permit Section
IGCN 1101
100 North Senate Avenue
Indianapolis, IN 46204

IDEM will respond to all significant comments and specify which provisions of the post-closure permit were changed, if any. To receive the Notice of Decision, please make a written request to Jeff Workman at the OLQ address above. Anyone who submits written comments will receive a copy of the Notice of Decision.

If you have any questions about the post-closure permit application or public notice process, please feel free to contact Jeff Workman at the OLQ address above or at 1-(800) 451-6027 extension 2-3221 or (317) 232-3221 or jworkman@idem.in.gov.
